Work experience

Senior UI Developer for haymarket London, March 2008 - present
Being part of the haymarket digital media frontend team maintaining the websites for whathifi.com, whatcar.com, stuff.tv, autocar.co.uk amongst others.

Implementing the frontend for the new whatcar.com site search, planning, preparing and managing the frontend for the website relaunch of whatcar.com (not yet online).

Self employed web designer and developer, pheedelity GbR Berlin, June 2006 - present

Running my own internet company working for various clients and agencies. Projects were for example:

Implementing the (accessible) frontend for debatte.welt.de, a web2.0 like discussion platform of Welt Online (the website of the german daily paper by the publisher Axel Springer Verlag)

Designing and implementing the new mobile.de dealer pages (each of the 30.000 registered dealers gets his own page)

Implementing landing pages for Toshiba and Microsoft for individual products

Web developer, ID_Media Berlin, April 2006 - June 2006

Supported the frontend team building T-Community, a myspace clone by T-Com (Deutsche Telekom), implementing the layout using the Prototype and script.aculo.us Framework for various ajax features

Freelance web designer, mobile.de & ebay motors GmbH Berlin, January 2006 - March 2006

Transferred the mobile.de start page from a table based layout to a CSS based layout and introduced web standards to the mobile.de web design team.

Frontend developer, mediaworx AG Berlin, February 2004 - January 2006

Written (X)HTML, CSS and JavaScript for large multi-lingual websites in a Java environment. Clients were Postbank (Deutsche Post) and ZF Sachs amongst others

Web Designer, EsPresto AG Berlin, September 2002 - January 2004

Screen design and frontend programming for rolandberger.com and other client websites. Implemented, enhanced and adapted the Company's styleguide to the corporate design in CMS Templates.

Education

Media Design Akademie Berlin, December 2000 - December 2002 —
Designer Neue Medien, mda (New Media Designer)

Humboldt Universität Berlin Berlin, April 1998 - March 2000 — American
Studies and Spanish (discontinued)

Skills

Semantic (X)HTML Markup, advanced CSS, Accessibility, (unobtrusive)
Javascript, Ajax in combination with JS Libraries, CVS & Subversion,
worked in large PHP, Perl, Python and Java Environments, good design
skills, some experience in project management, organizational tasks and
team leadership, good English and German (mother language)

Training and Conferences

Visited d.construct web 2.0 conference 2005 in Brighton, @media
conference for web standards and accessibility in 2005, 2006 and 2007 in
London as well as the re:publica 2006 and web 2.0 expo by O'Reilly 2007 in
Berlin

Visited various web Mondays, barcamp Berlin I & II, barcamp Nürnberg and
organised regular web geek gatherings (Berliner Webstammtisch)
